## CEO Spotlight: Dr. Kimberley Bugg

We're excited to introduce our new leader, Dr. Kimberley Bugg, affectionately dubbed the new "Queen of Woodruff." Originally from Brooklyn, NY, she's been part of the Woodruff family for years, having started her early career here as a Reference Librarian. She also served as Section Chief at the Library of Congress and more recently as the Library's Associate Director. Outside of Woodruff, she's a world-class traveler and adventure-seeker, always exploring new destinations and seeking out her next thrilling experience!

## Disney Magic at Woodruff:

### Disney on the Yard

Disney made its return to the AUC for "Disney on the Yard," choosing the AUC Woodruff Library Greenspace as its venue. Dedicated to building a community for HBCU alumni at The Walt Disney Company and offering opportunities for students, the event featured free food, career resources, and even a special performance by Drum Major Mickey! Yes, Mickey Mouse \*did\* "Crank Dat Soulja Boy"! A friendly reminder: the Library's Greenspace is a drug-and alcohol-free zone.

## Booked & Busy:

### Events You Can't Miss

This semester, we're already kicking off with the excitement. We teamed up with WABE and Acapella Books to give AUC students a once-in-a-lifetime opportunity to hear Supreme Court Justice Ketanji Brown Jackson discuss her new book "Lovely One". Some students even walked away with signed copies! Stay tuned to our Instagram for more events like this.
